

CPRN – EKOS Changing Employment Relationships Survey

February, 2000

Hello, my name is...and I work for Ekos Research Associates. We are conducting a survey in conjunction with Canadian Policy Research Networks, a non-profit organization doing a national study on the working conditions of Canadians. This study is being done on behalf of a number of federal and provincial government departments, as well as private business, labour groups and non-profit organizations. We are looking for the views of Canadians 18 years of age and older, on several important issues in the news today. The interview will take approximately 20 minutes and I think that you will find it interesting. All of your responses will be kept completely confidential. When we summarize the results, no individuals will be identified. May I begin?

IF YES - Before I start I would like to assure you that your participation is voluntary. If there are any questions you don't want to answer, just say so and I'll go on to the next question. You can also stop the interview at any time.

****If asked, CPRN is a National non-profit government policy research organization****
